ABOUT

BEST OF ESMO

The European Society for Medical Oncology (ESMO), founded in 1975 and based in Lugano, Switzerland, is a global leader in advancing oncology knowledge and practice. With over 40,000 professionals from 177+ countries, ESMO unites oncologists, researchers and healthcare experts with a shared mission to improve cancer care worldwide. The annual ESMO Congress is one of the most prestigious global platforms in oncology, drawing tens of thousands of participants and unveiling groundbreaking clinical research, many of which go on to influence treatment guidelines and shape the future of cancer therapy.

ABOUT

THE HOST

GLOBAL HEALTH CARE ACADEMY (GHA)

Transforming Healthcare Education with Tech and Expertise

Global Healthcare Academy (GHA) stands as India's pioneering Med-Ed Tech Academy, dedicated to building the future of healthcare. Our mission? **Empowering competent and compassionate professionals** who thrive in the ever-evolving medical landscape.

Bridging the Skills Gap:

We recognize the disconnect between traditional healthcare education and industry demands. GHA actively bridges this gap by:

- Leveraging technology: We integrate cutting-edge solutions throughout our learning process, enhancing engagement and accessibility.
- Faculty expertise: Our instructors are renowned medical professionals, blending academic knowledge with real-world experience.
- Case-based learning: We immerse students in real-life scenarios, fostering critical thinking and practical skills.
- Practice-oriented approach: Our methodologies equip graduates to hit the ground running, prepared to excel in their chosen fields.

A Multifaceted Learning Experience:

- GHA caters to diverse needs through five dedicated verticals:
- Allied Healthcare: Paramedical training programs to equip future healthcare assistants.
- Continuing Medical Education (CME): Upskilling and reskilling courses for healthcare professionals.
- Global Dental Academy (GDA): Specialized programs for aspiring and established dentists.
- Global Healthcare Publishing (GHP): Disseminating valuable knowledge through healthcare publications.
- GConvene: Facilitating knowledge exchange and professional development through industry events.

Guided by Leaders, Driven by Passion:

GHA is led, managed, and advised by a renowned team of doctors and healthcare professionals, ensuring the highest standards of education and industry relevance.

ABOUT INDIA

India, steeped in history and cultural diversity, boasts a legacy that predates many civilizations, dating back over 5,000 years. As one of the world's most ancient civilizations, it is a nation brimming with a kaleidoscope of traditions and a rich cultural heritage. Over the past 78 years since gaining independence, India has achieved remarkable progress in all aspects of society and economy. The nation has attained self-sufficiency in agriculture and risen as a global industrial powerhouse, even venturing into outer space.

Encompassing an expansive landmass of 3.28 million square kilometres, India spans from the snow-clad heights of the Himalayas to the lush tropical rainforests of the south. It stands out as the 7th largest country globally, distinguished by its unique geography with mountains to the north and seas to the south, creating a distinct geographical identity.

Journeying through this vast nation offers a wide spectrum of tourism choices, encompassing diverse landscapes, people, tribes, cuisines, faiths, dance forms, music, arts, and crafts, adventures, sports, spirituality, and history. Each state within India offers a unique tapestry of experiences, demonstrating the nation's remarkable diversity.

ABOUT

HOST CITY

Jaipur, the Pink City of India, is a remarkable blend of royal heritage, cultural richness, and modern progress. Renowned for its architectural grandeur and warm hospitality, Jaipur has also emerged as a growing destination for quality healthcare and medical education. The city is home to leading hospitals, academic institutions, and a vibrant community of healthcare professionals committed to advancing patient care and clinical excellence. With significant investments in healthcare infrastructure and a strong emphasis on innovation, Jaipur continues to strengthen its position as a regional medical hub. Its multidisciplinary hospitals, skilled specialists, and expanding research ecosystem create an environment that fosters collaboration, knowledge exchange, and the adoption of evidence-based practices.

This edition of Best of ESMO in Jaipur promises to be another milestone, bringing together leading oncologists, researchers, and healthcare professionals to discuss the latest advances in cancer care. As global expertise meets local excellence, the conference will serve as a platform to exchange ideas, inspire innovation, and shape the future of oncology. Join us in Jaipur and be part of this meaningful journey towards transforming cancer care through collaboration and knowledge.
